Wieland Chase Rod and Scrap Policy

The following is the Wieland Chase policy directing how pricing is applied to Wieland Chase (excluding LA Depot) brass rod shipments and Wieland Chase returned scrap.

Rod Shipments

Pricing for Wieland Chase brass rod shipments is defined as “freight on board” mill, for shipment of product prior to 8:00AM (EST). Pricing will be applied at the then (price in effect) Wieland Chase Published Market Base Matrix price prior to 8:00AM. Shipments after 8:00AM will be at the (new) adjusted (price in effect) selling price defined in the Wieland Chase announced price adjustment sent to our customers prior to any price adjustment.

Scrap Receipts

Wieland Chase brass scrap return receipts is defined as “freight on board” mill and will be priced utilizing the Wieland Chase Published Market Base Matrix price in effect based on the freight Bill of Lading (BOL) date of scrap pick up.

Please contact your Regional Sales Manager or Customer Account Specialist for further questions or information.
