Wieland Chase Rod and Scrap Invoice Policy

The following is the Wieland Chase policy directing how invoicing is applied to Wieland Chase brass rod shipments and Wieland Chase returned scrap.

Rod Shipments

Pricing (invoicing) for Wieland Chase brass rod shipments is defined as “freight on board” mill, for shipment of product prior to 8:00AM (EST). Pricing will be applied at the then (price in effect) Wieland Chase Published Market Base Matrix price prior to 8:00AM. Shipments after 8:00AM will be at the (new) adjusted (price in effect) selling price defined in the Wieland Chase announced price adjustment sent to our customers prior to any price adjustment.

Scrap Shipments

Pricing (invoicing) for Wieland Chase brass scrap return shipments is defined as “freight on board” mill and paid off the freight Bill of Lading (BOL) effective at time of scrap pick up at the current in effect Wieland Chase Published Market Base Matrix price.

Please contact your Regional Sales Manager or Customer Account Specialist for further questions or information.
